NATIONAL CONFERENCE ON
BLACK MENTAL HEALTH & WELLNESS

ACT Now

Dear partners,

TAIBU has partnered with the Public Health Agency of Canada (PHAC) under the MHBC stream to synthesize knowledge, create awareness around the mental health and well-being of Black Canadians, and develop tools and resources that will be used by Black communities across Canada. The centre is also partnering with PHAC to organize and host a national conference on knowledge mobilization and networking on Black mental health in Canada to bring more Afrocentric knowledge and expertise to the table. TAIBU is excited to host this conference titled “*ACT Now! Black Mental Health and Wellness*” from March 22-24, 2023. You will find the full conference program on the registration page.

We have received numerous requests for in-person participation and we have reached maximum capacity. However, to honor and accommodate the needs of our communities, we have decided to make the conference hybrid to make the conference more accessible. Kindly click the link below to register for online participation.
