

TEMERTY FACULTY OF MEDICINE
UNIVERSITY OF TORONTO

We are researchers at the University of Toronto looking for **people with stroke** or their **family members** from ethnic minority communities to take part in our stroke study.

You could help us understand what supports people and their families from diverse communities need to get better after stroke.

Joining the study means that you would have 3 individual meetings (1-hour each) and 1 group meeting (2-hours). These meetings could happen by phone, Zoom or in-person depending on your preference. To thank you for your help, we will provide a \$20 honorarium after each meeting. If you are interested in finding out more, please contact us:

Miranda Wu
miranda.wu@mail.utoronto.ca
519-571-5254

Thank you for helping us improve stroke services for people in our community.
