

PARTICIPANTS WANTED

Are you a **midwife, OBGYN**, or family **physician** who provides maternity care in Ontario? We are seeking maternity care providers who would like to share their experiences using **point-of-care ultrasound** and/or **continuous electronic fetal monitoring**.

To be eligible for this study, you must:

- be registered as either an obstetrician, family physician, or midwife, or practice midwifery under the Exception for Aboriginal Midwives in Ontario;
- have a minimum of 5 years of experience providing maternity care;
- and have experience with point-of-care ultrasound and/or continuous electronic fetal monitoring.

Participation involves one 60-90-minute interview, which can be done in-person or by zoom, depending on your preference.

Your participation is completely **voluntary** and **confidential**. You will be compensated for your time and modest transportation expenses.

If you're interested in participating, please contact **Grecia Alaniz**, PhD Candidate at email: galaniz@uwo.ca or tel: 289-775-8074.

This study is supported by the Social Science and Humanities Research Council (SSHRC) Joseph-Armand Bombardier CGS Doctoral Scholarship.
